

1 Herb Kellerher Way

- Once you've turned onto Herb Kellerher Way (HKW), merge in to the 3rd lane from left when possible.
- Keep straight past first traffic light.
- Veer right onto Aviation Place (2nd traffic light) towards Garage C to avoid continuing towards airport pick-up/drop-off.

2 Garage C

- Immediately after turning onto Aviation Place, reduce speed for possible pedestrian crossings.
- Pass the Southwest Cargo Station on the RH side, and continue to Garage C Parking, entering via the "Ticket Only" lane.

3 Entering/Parking in Garage C

- Entering the "Ticket Only" lane(s) will ensure parking validation. If you enter any of the LPR lanes without deactivating your NTTA Tag, it will charge your account and we'll be unable to validate your parking/refund your payment.
- Once entered, head up to levels 6 or 7 to park.

Entering DAL from Level 6

- There are elevators and stairwells on each level. With either option, use to arrive at level 3 of Garage C, exit the elevator and enter the airport's walkway/skybridge that leads to the TSA Checkpoint and terminal gates.

5 Locating FDCC Alpha

- Once near the TSA Checkpoint, take either the escalator or elevator to level 2 and turn left towards FDCC Aloha.
- Elevator and escalator can be found to the left of the TSA Checkpoint.
- Once entered, turn right to reach room Alpha.
